Sue Murphy, State Director
Eastern Washington University
15112 W 3rd Addition Rd.
Cheney, WA 99004

Dear Ms. Sue Murphy:

I am writing to apply for the position of a 2018-19 Student Advisor for Washington Science Olympiad.

I have been involved with Science Olympiad over the past five years. My role has expanded from initially being only a member to assisting with coaching Greenacres Middle School's teams, being an officer of Central Valley High School Science Olympiad and continuing to be a participant. I have developed and maintained a Google Site for Greenacres Middle School Science Olympiad. This has provided the foundation for the organization system that I have implemented.

The leadership opportunity that Science Olympiad has provided me has opened the door for roles in other organizations. Over the previous two and a half years I have had the pleasure of filling multiple leadership roles not only in Science Olympiad, but also in FBLA and CyberPatriot. These experiences have been particularly rewarding and have also served as opportunities to grow my leadership abilities.

My extracurricular activities have proven to be a valuable extension of my academics. I have been able to continue to learn and further develop my desire to learn by taking stimulating and rigorous classes at Central Valley High School.

By being selected for this position, I would be able to further expand my commitment to Science Olympiad. My goal is to seek to provide input in regards to individual Middle School and High School experiences with Science Olympiad. I would also be willing to assist with communication and website organization if needed.

Thank you for taking the time to consider my application.

Sincerely,
Shawn Barnett
