

Dear Washington State Science Olympiad Board of Directors,

I am writing to express my interest in becoming a student advisor for the Washington State Science Olympiad Board of Directors for the upcoming year. I am currently a junior at Interlake High School, and I have been competing in C-Division Science Olympiad for the past two years. I was also a student board member of the Washington Science Olympiad board from 2017-2018. During my time in Science Olympiad, I have gained a deep appreciation for the Interlake Science Olympiad Club, and become deeply involved in the Science Olympiad culture. Nothing excites me more than being part of a team that reaches out to Science Olympiad clubs throughout Washington in the hopes of shaping the future of the Washington State Science Olympiad. Hence, I sincerely hope you will consider my application to become a student advisor to the Washington State Science Olympiad Board of Directors for 2018-2019 as well.

As a dedicated member of Interlake Science Olympiad, I have an understanding of challenges teams may face when competing in Science Olympiad. Being the first one to arrive to Science Olympiad meetings and the last to leave, I can bring to the table skills and knowledge I have gathered from my experiences, alongside what I have learnt from friends, teammates and mentors. I am dedicated, focused, and a problem solver. As a student board member for the 2017-2018 year, I also have the knowledge and experience about how to operate on the board. If necessary, references can testify towards my maturity and my love for Science Olympiad. In the coming year, I would really appreciate the opportunity to act as a liaison between the student body and the WSO Board of Directors, and I believe I am up to the task.

I look forward to hearing from you.

Sincerely,

Sharlene Shirali
