Hello,

I am interested in joining the board of directors for Washington Science Olympiad. I have participated as a student in B division and C division in the past at Canyon Park and Bothell. I also had the opportunity to write and grade tests last year for Experimental Design. I am currently a junior at the University of Washington and would like to be able to provide my own insight and help organize tournaments and support Washington Science Olympiad in other areas as needed.

Thank you,

Sanjana Chava
