

## Washington Science Olympiad (WSO) Registration – 2018-19

Our registration process is changing to provide more payment options and flexibility in contacting coaches/teams and providing Science Olympiad information.

While 8/1/18 is the designated start of 2018-19 WSO registration, the new process won't be available until at least 9/4/18. Please check back then for instructions on how to register your school/team with WSO.\*

An email will be sent to all 2017-18 coaches advising of the new process by 9/4/18. If you don't hear from me or need additional info, please let me know. For returning teams, please note that the FAX # previously used is no longer available. Please let your business office know NOT to fax any registration materials.

For schools new to WSO, please contact me for information about new team registration waivers.

WSO web pages have been updated to reflect some of the new processes and events surrounding the WSO Annual Meeting on 7/21/18. See

<http://www.washingtonscienceolympiad.com/> ... add the following suffix/es:

boardinfo

coaches

directors

index

latest

tournaments – this page will provide info on tournament locations and dates ... although note that at this time, there is a lot of incomplete information. Dates and locations should be finalized by October 1.

Sue Murphy

WSO State Director
