

Scoring Policy

Low score wins. If a team doesn't enter an event, they earn points for the total number of teams plus one. If a team is disqualified from an event, they earn total number of teams plus 2. Each event must break all ties. If two teams tie with total points, the team with the highest number of gold medals wins the ties. If a tie still occurs it will then move to silver medals won, bronze medals, 4th place, etc until the tie is broken.

Scores are final at 5:00 p.m. Monday following the tournament. If an error is discovered, medals will be sent out to the winners.
